(2) The online dispensing of medicinal products under this regulation shall be conducted in accordance with recognised standards of Good Pharmacy (Dispensing) Practices. Licence holders shall ensure that all medicinal products dispensed meet high standards of safety, quality, and efficacy as stipulated in these regulations.

(3) The licence holder shall bear full responsibility for all activities carried out under these regulations, including compliance with any applicable regulatory requirements in the country of destination.

Application for an online dispensing licence.

4. (1) An application for a licence in accordance with these regulations shall be submitted to the Licensing Authority and shall include the following information:

(a) the name and address of the applicant;

(b) the address of the website URL and, or the address of the premises located within a Free Zone or Customs Authorised Warehouse intended for the dispensing of medicinal products to third countries;

(c) the equipment and control facilities as may be required by these regulations, under the Act and any other applicable law;

(d) the name of the managing pharmacist responsible for overseeing dispensing operations and ensuring compliance with good dispensing practices as outlined by, or under these regulations.

(e) a detailed plan outlining the quality management system that shall be implemented to ensure the safety, authenticity, and efficacy of medicinal products, with a commitment to full implementation upon licensure;

(f) documented procedures or a plan for their development, to prevent the dispensing of counterfeit, unauthorised, or substandard medicinal products through online platforms, with confirmation that these procedures shall be fully in place prior to the commencement of operations;

(g) an outline of the applicant's approach to complying with Good Pharmacy (Dispensing) Practice, including a commitment to implement the necessary procedures for the storage, handling, and dispensing of medicinal products within the premises, prior to operation;

(h) a data management plan that ensures full traceability of each medicinal product from point of source to country of destination in accordance with these regulations;

(i) the address of the hosting location of the website and of the servers where the data related to the online dispensing operations shall be stored, including confirmation that the hosting complies with cybersecurity requirements;

(j) any other information, documentation or evidence as may be requested by the Licensing Authority in accordance with these regulations, under the Act and any other applicable law.

(2) Upon submission of the application, an application fee in accordance with the First Schedule shall be payable to the Medicines Authority.

(3) For the purposes of these regulations, any notice may be served electronically at the email address provided by the applicant to the Licensing Authority. Such service shall, unless otherwise provided in these regulations, be deemed duly served if delivered to the most recent residential or email address furnished by the applicant, provided that proof of delivery is available:

Provided that proof of delivery may include, but shall not be limited to, a delivery receipt, server log entry, acknowledgment of receipt from the recipient, or confirmation generated by a registered electronic delivery system.

Processing of personal data conducted by the Licensing Authority. Cap. 586.

5. (1) The processing of personal data conducted by the Licensing Authority for the purposes of these regulation shall fully comply with Regulation (EU) 2016/679 and the Data Protection Act including the regulations made thereunder and the fundamental rights and freedoms of the data subjects.

(2) The Licensing Authority, acting in its capacity of a controller in terms of Article 4(7) of Regulation (EU) 2016/679 shall perform the relevant processing operations which are strictly necessary for the purposes of these regulations.

(3) The controller, taking into account the nature, scope, context and purposes of processing as well as the risks of varying likelihood and severity for the rights and freedoms of the data subjects,

shall implement appropriate technical and organisational measures, in an effective manner and to integrate the necessary safeguards into the processing, in order to protect the rights of the data subjects and to ensure a level of security appropriate to the risk.

(4) For the purpose of ensuring and to be able to demonstrate that the processing of data is performed in accordance with the provisions of Regulation (EU) 2016/679, the controller shall implement the appropriate data protection policies, which policies shall be periodically reviewed and updated where necessary.

(5) The controller shall ensure that the physical and, or electronic access to personal data processed for the purposes of these regulations shall be strictly granted to personnel authorised by the controller.

(6) The data protection officer designated by the controller in terms of Article 37(1)(a) of Regulation (EU) 2016/679 shall be consulted properly and in a timely manner on all issues in relation to the protection of personal data processed for the purposes of these regulations.

(c) suppliers who have procured products manufactured in compliance with Good Manufacturing Practice standards established by a regulatory authority listed in paragraphs (a) and (b).

(d) operators licensed by regulatory bodies classified under the WHO Listed Authorities Level 4 strictly for products which would be authorised to be placed on their respective markets.

(e) the United Kingdom and any other operator, supplier or country as established by Government notice in the Gazette by the Minister after consultation with the Licensing Authority.

Quality assurance and traceability.

13. (1) The licence holder shall establish and maintain a quality management system to ensure that medicinal products are procured solely in accordance with the provisions of regulation 12. Furthermore, the licence holder shall ensure that each medicinal product dispensed complies with the safety, quality, and efficacy standards specified in the authorisation of the product in the country of origin, without exception:

Provided that, for the purpose of this regulation, "authorisation" means an authorisation equivalent to, or substantially similar to, a marketing authorisation as defined in accordance with Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Union procedures for the authorisation and supervision of medicinal products for human use and establishing a European Medicines Agency.

(2) The licence holder shall ensure that there is full traceability of all medicinal products purchased, stored and dispensed in accordance with these regulations, which shall, at a minimum include records and documentation in relation to:

(a) prescriptions, including consumer's details, country of prescription, prescribing healthcare professional's information, and prescription dates:

Provided that a scanned or electronic copy of the prescription as provided by the consumer through the website shall suffice;

(b) product name, active ingredient, dosage form, dose, pack size, batch and lot numbers, supplier, expiration date, and storage conditions;

(c) purchasing, storage, and dispensing of a medicinal product, including date of dispensing and the registration number of the dispensing pharmacist;

(d) any other information, as may from time to time, be established by the Licensing Authority in accordance with regulation 20(3).

Internet marketing and safety information.

14. (1) All licence holders shall prominently display the logo on their website as a verification of legitimacy.

(2) The website shall allow customers to:

(a) verify the licensing status of the licence holder;

(b) view the contact details of the licence holder;

(c) access the consumer support policy of the licence holder, including information on how to contact the licence holder in the event of complaints related to the medicinal product, and any other issues;

(d) any other information as may from time to time be established by the Licensing Authority in accordance with regulation 20(3).

(3) Each online medicinal product listing on the website shall as a minimum include:

(a) the product name, active ingredient, dosage form, pack size and intended use, or a link to the patient information leaflet;

(b) the potential risks, contraindications, and necessary usage guidelines, or a link to the patient information leaflet;

(c) instructions for consumers to verify the authenticity of the medicinal product being sold. These shall include, where applicable, guidance on how to use safety features, such as anti-tampering devices, or access links to official verification systems, including those provided by national or international regulatory authorities;

(d) the pricing details, which shall be provided in a manner that ensures full transparency to the consumer, clearly specifying the individual price components such as product cost, transport fees, and the corresponding cost for each, as well as the total price payable.

(e) the licence number, name of the Licencing Authority and the contact details for the Licencing Authority;

(f) any other information, as may from time to time, be established by the Licencing Authority in accordance with regulation 20(3).

(4) For each dispensed medicinal product delivered in a package, the licence holder shall include on or within the package the licence number, the contact information of the licence holder and the official website of the Medicines Authority that provides access to the official list of licensed holder.

Consumer safety protections.

15. (1) Licence holders shall offer consumers access and contact details of the managing pharmacist for guidance regarding medicinal products.

(2) An electronic verification and decommissioning system shall be maintained to ensure adherence to the principles of safety, quality, and regulatory compliance.

(3) The dispensed medicinal product shall be delivered to consumers in third countries in suitable tertiary outer packaging that is properly labelled and that preserves the integrity of the medicinal product, including its primary and secondary packaging. The contents of each package shall be accurately declared on the relevant customs documentation as may be required from time to time and shall be designated as "Medicinal Products for Personal Use".

(4) The Licensing Authority shall not be held responsible for any infringements or breaches committed by the licence holder in failing to adhere to the consumer's country of destination's laws and regulations.

(5) The licence holder shall ensure that all medicinal products dispensed for delivery to consumers in a third country comply with the legislation regulating prescription applicable in the country of destination. In particular, the licence holder shall observe the following requirements:

(a) the quantity and form of the medicinal product shall be consistent with the specific prescription requirements established by the regulatory authorities of the country of destination;

(b) in jurisdictions where a general prescription may be accepted for a full supply, the licence holder shall adhere to local practices to ensure compliance;

(c) the period of validity of the prescription shall also conform to the regulations of the country of destination, ensuring that prescriptions are honoured only within the authorised time frame.

Dispensing and export controls.

16. (1) Medicinal products procured in accordance with these regulations shall only be dispensed to consumers residing in third countries.

(2) The licence holder shall be entirely responsible for ensuring that all dispensed medicinal products comply with these regulations and ensure that all medicinal products dispensed, fully comply with all relevant legislative, regulatory and quality standards applicable in the third country in respect of the importation of medicinal products by the patient for personal use.

(3) Licence holders shall:

(a) prohibit the redistribution or dispensing of any medicinal product in their supply within the European Union;

(b) not dispense any medicinal product which is banned or otherwise subject to restrictions in the jurisdiction of the country of destination.

(c) comply with any other requirements as may be requested by the Licensing Authority in accordance with these regulations, the Act and any other applicable laws.

Documentation, record-keeping and reporting.

17. (1) Licence holders shall maintain detailed transaction records and prescriptions for each medicinal product dispensed, which shall be kept for a minimum period of five (5) years which shall as a minimum include:

(a) the date of dispensing, the product details, the quantity supplied, the batch, lot numbers and registration number of dispensing pharmacist;

(b) the consumer's details and the country of destination;

(c) comply with any other requirements as may be requested by the Licensing Authority in accordance with these regulations, the Act and any other applicable laws.

(2) Every licence holder shall, on an annual basis and at their own expense, submit to the Licensing Authority the following documents:

(a) a Special Purpose Assurance Report prepared by an independent auditor, duly warranted by the Accountancy Board, and possessing expertise in the pharmaceutical field; and

(b) an audited financial statement relating to the preceding financial year, which shall not, in any case, be more than two (2) years. The financial statements shall include a revenue note that clearly identifies the turnover derived from dispensing services, the online store-front or both.

(3) The Special Purpose Assurance Report shall be submitted not later than the first (1) of July of each year, covering the preceding financial year and shall include the following:

(a) verification of the total annual turnover of the licence holder for the reporting period, commencing on the 1st of July and ending on the 30th June of each calendar year;

(b) verification that all medicinal products handled by the licence holder during the reporting period were sourced and dispensed in accordance with these regulations.

(4) (a) Failure to submit the Special Purpose Assurance Report within the timeframe in sub-regulation (3), or submission of a report found to be materially deficient, shall constitute a breach of these regulations.

(b) In response to any such breach, the Licensing Authority may impose one or more of the following measures:

(i) issuance of a warning or notice of deficiency.

(ii) administrative penalties as referred to in regulation 21.

(iii) suspension or revocation of the licence holder's licence.

(iv) the institution of criminal proceedings.

(5) (a) The Licensing Authority reserves the right to audit the licence holder's operations to verify the accuracy of the submitted Special Purpose Assurance Report.

(b) Licence holders shall grant full access to relevant records and documentation upon request by the Licensing Authority or its authorised representatives.

Inspections and compliance monitoring.

18. (1) The Licensing Authority is vested with the authority to conduct periodic inspections of licensed premises and online platforms to verify compliance with these regulations, the Act and any applicable legislation. For the purpose of executing these duties more effectively, the Licensing Authority may appoint officers and, or engage experts to provide assistance.

(2) The Licensing Authority may, if it has reasonable suspicion to believe that any licence holder is acting in breach of any of the provisions of these regulations may:

(a) suspend or revoke the licence;

(b) seize the non-compliant medicinal products;

(c) order any person to undertake any action or refrain to undertake any action to comply with the provisions of these regulations;

(d) impose any conditions in relation to the licence holder and, or the managing pharmacist; and, or

(e) initiate the special procedure as established in article 100 of the Act.

Data storage requirements.

19. (1) All websites operated under these regulations, along with their related data and content, shall be required to store such data on servers physically located within the jurisdiction of Malta.

(2) Non-compliance with sub-regulation (1) may result in administrative penalties as referred to in these regulations, as well as the suspension or revocation of the licence.

Powers of the Licensing Authority.

20. (1) The Licensing Authority shall possess all powers and functions as established in the Act and shall have the right to delegate any of these powers and functions to another public authority to facilitate compliance with the provisions of these regulations.

(2) The Licensing Authority shall also be empowered to issue guidelines to further define and regulate the provisions of these regulations. Such guidelines shall be binding on any person to whom they are addressed, including the licence holder and the managing pharmacist.

(3) The Licensing Authority shall have the power to request such information, documents, data, or records as it may deem necessary for the proper exercise of its functions and for ensuring compliance with the provisions of these regulations.

Administrative penalties and proceedings.

21. (1) When the Licensing Authority has reasonable cause to believe that:

(a) an offence against the regulations has been committed by any person; and

(b) having regard to the previous conduct of the person concerned, it would be appropriate to impose an administrative penalty under this regulation, the Licensing Authority may cause a notice in writing in accordance with sub-regulation (2) in the appropriate form to be served on such person.

(2) A notice as provided for in sub-regulation (1) shall specify:

(a) the date and nature of the offence;

(b) a summary of the facts upon which the allegation

that an offence has been committed is based, this being sufficient for the purpose of fully and fairly informing the person of the allegation against him;

(c) any other matter, not being related to previous convictions, that the Licensing Authority considers relevant in the given circumstances, for the imposition of an administrative penalty, including any precautionary suspension of the licence that is issued in accordance with these regulations; and

(d) the amount of the administrative penalty due, which amount shall be decided in accordance with the severity of the case and the previous conduct of the person concerned:

Provided that the administrative penalty imposed shall not exceed the amount of twenty-three thousand, two hundred and ninety-three euro and seventy-three cents (€23,293.73):

Provided further that in addition to the administrative penalty as imposed under this paragraph, the Licensing Authority may also order the suspension or revocation of the licence:

Provided further that in any event, the Licensing Authority shall have the option to issue a warning instead of an administrative penalty, if it considers that in the interests of fairness and equity, depending on the circumstances of the case, it is preferable to do so.

(3) Any person on whom a notice under sub-regulation (2) is served may, within thirty (30) days after such service, by notice in writing in the appropriate form served on the Licensing Authority, require that proceedings in respect of the alleged offence shall be dealt with by the court, in which case the provisions of sub-regulation (7) shall apply.

(4) Any person on whom a notice under sub-regulation (2) is served may by notice in writing served on the Licensing Authority:

(a) admit the offence; and

(b) pay the amount of the administrative penalty to the Medicines Authority within thirty (30) days after the notice of the penalty is served upon him or after such subsequent period as the Licensing Authority may determine.

(5) The administrative penalty imposed under sub-regulation (2)(d) shall be due as a civil debt enforceable by the competent court of civil jurisdiction in favour of the Government and the declaration by the person on whom the administrative penalty is imposed, that he admits the charge shall constitute an executive title for the purposes of article 253 of the Code of Organization and Civil Procedure.

Cap. 12.

(6) Without prejudice to any other provision of these regulations or of any other law, where an offence has been admitted under this regulation, no charge may be brought in respect of the offence against any person by whom it has been admitted, unless such person fails to effect payment within the time limit provided in the notice.

(7) In the case that a person on whom a notice under sub-regulations (1) and (2), either does not admit the offence within thirty (30) days from the service of the notice, or chooses to proceed with the proceedings mentioned under sub-regulation (3), the Licensing Authority shall institute proceedings or cause proceedings to be instituted before the Court in respect of the alleged offence:

Provided that where the licence holder is not habitually resident or established in Malta, such person shall be deemed to have submitted to the jurisdiction of the Courts and tribunals of Malta in respect of any matter arising under or in connection with these regulations, and service effected in accordance with this regulation shall be deemed valid and binding.

Offences and punishments.

22. Any person who:

(a) assaults, hinders, obstructs, molests or interferes, or attempts to assault, hinder, obstruct, resist or wilfully obstructs any authorised official of the Medicines Authority, in the execution of their duties in accordance with these regulations;

(b) refuses or fails to comply with any order or direction lawfully made or given under these regulations;

(c) without reasonable cause fails to:

(i) provide the requested information to an authorised official of the Medicines Authority; or

(ii) produce anything required to be produced in accordance with these regulations;

(d) fails to allow a search or inspection in accordance with these regulations;

(e) prevents or attempts to prevent another person from complying with any orders or directions or from answering any questions, or producing anything or allowing a search or inspection; or

- Both Dispensing and Online Website;

(iii) If a license is granted after the start of the calendar year, the annual fee shall be calculated on a *pro rata* basis, based on the number of full months remaining in the year.

(c) The *pro rata* amount shall be determined by dividing the applicable annual licensing fee by twelve (12) months and multiplying it by the number of remaining months in the calendar year.

(d) Any licence issued after the fifteenth day of a month shall be considered as having commenced in the following month for fee calculation purposes.

(e) (i) Inspection and audit fees shall be payable to the Medicines Authority as required under these regulations, in accordance with the fee structure provided in the Second Schedule (Part II).

(ii) The licence holder shall not be liable for inspection or audit fees unless an inspection or audit has been duly conducted.
