L.N. 77 of 1993

ENEMALTA ACT
(CAP. 272)

Electricity Supply (Amendment) Regulations, 1993

IN exercise of the powers conferred by section 39 of the Enemalta Act, Enemalta, with the approval of the Minister for the Environment, has made the following regulations:—

Citation and commencement.

G.N. 223 of 1940.

1. (1) These regulations may be cited as the Electricity Supply (Amendment) Regulations, 1993 and shall be read and construed as one with the Electricity Supply Regulations, 1939, hereinafter referred to as "the principal regulations".

(2) These regulations shall be deemed to have come into force on the 1st June, 1993.

Adds new section 51A to the principal regulations.

2. Immediately after section 51 of the principal regulations there shall be added the following new section:

"Unmetred supplies.

51A. The Corporation may enter into agreements with consumers in virtue of which unmetered power supply is given against a fixed rate of payment in the cases of nation-wide cable transmission systems subject to the following conditions:

(a) that the design load on each power supply is at all times a constant load;

(b) that the power supply loading factor for each power supply is in accordance with the standards developed by Enemalta;

(c) that Enemalta may, from time to time, meter power supplies to benchmark the system as a whole, and to test the accuracy of calculations for billing purposes;

(d) that the consumer pays to Enemalta every quarter an amount based on the calculated consumption:

Provided that Enemalta shall have the right at the end of each calendar year to adjust any calculation for that past calendar year made as aforesaid on the basis of any test carried under paragraph (c) of this regulation and to charge the consumer accordingly.".
