

L.N. 23 of 1988

WIRELESS TELEGRAPHY ORDINANCE (CAP. 78)**Wireless Telegraphy (Broadcast Licence Charges) (Amendment) Regulations, 1988**

IN EXERCISE of the powers conferred by section 5 of the Wireless Telegraphy Ordinance, the Prime Minister has made the following regulations:—

1. These regulations may be cited as the Wireless Telegraphy (Broadcast Licence Charges) (Amendment) Regulations, 1988 and shall be read and construed as one with the Wireless Telegraphy (Broadcast Licence Charges) Regulations, 1962, hereinafter referred to as "the principal regulations". Citation.

Ord. VII of 1962.

2. The First Schedule to the principal regulations shall be amended as follows:— Amends
First Schedule
to the
principal
regulations.
 - (a) for paragraph (b) of item 2 thereof there shall be substituted the following:

“(b) A licence to have in one’s possession or under one’s control apparatus for wireless telegraphy at the premises specified in the licence in so far as those premises are in the occupation of the licensee or (as the case may be) in the vehicle or vessel specified in the licence, and to use the apparatus for purposes of the reception of visual images in colour sent by television, (not being a licence authorising the use of apparatus for wireless telegraphy for the purpose of the exhibition of visual images received by television to persons who are charged for viewing such exhibition) —

 - (i) for each portable television set which is not connected with a satellite television receiving terminal, to be used exclusively in hotel bedrooms Lm3 Lm3
 - (ii) for each other set Lm12 Lm12.”;

and
 - (b) immediately after item 2, there shall be added the following new item:

Type of Licence	Description of Licence	Issue Fee	Renewal Fee
“3. Satellite Terminal Receiving Equipment licence.	A licence to have in one's possession or under one's control apparatus for wireless telegraphy at the premises specified in the licence, and to use the apparatus for the purposes of the reception of visual images in black and white and/or in colour sent by television via space stations, (not being a licence authorising the use of apparatus for wireless telegraphy for the purpose of the exhibition of visual images received by television via space stations to persons who are charged for viewing such exhibition) —		
	(i) for each satellite television receiving terminal	Lm50	Lm50
	(ii) for each portable television set connected with a satellite television receiving terminal, irrespective of whether it is also connected with a terrestrial television receiving system or otherwise, to be used exclusively in hotel bedrooms	Lm4	Lm4
	(iii) for each other set connected with a satellite television receiving terminal, irrespective of whether it is also connected with a terrestrial television receiving system or otherwise	Lm12	Lm12.
	For the purpose of this item “premises” means hotels, holiday complexes as defined in the Second Part of the Second Schedule contained in the Hotels and Catering Establishments Regulations, 1972, offices of daily newspapers, and radio and/or television stations.		

For the purposes of this Schedule “portable television” means a television apparatus which is by construction and weight intended to be easily carried, which is capable of being operated from direct current or from both alternating and direct current electricity supply, having an inbuilt aerial system and having a picture tube not exceeding 44 centimetres measured diagonally.”.
