Provided that the Court in its discretion shall have the right, after considering the gravity of the offence with which the person is charged, not to apply the exclusion stipulated in this paragraph if the wilful offence against the person is not one subject to a punishment of imprisonment for a period of more than two (2) years which was not committed with the use or possession of a firearm, fire or explosives, and once the Court is satisfied that the application of the said exclusion would create a prejudice disproportionate to the actual gravity of the offence to the detriment of the opportunity of the accused to rehabilitate himself from the drug dependence;

- (c) that there are objective reasons which indicate that the accused is likely to be rehabilitated from drug dependence or that he has made substantial progress or effort to free himself of drug dependence.

(3) When the Court issues a decree that it is to assume the functions of a Drugs Court, the Court shall proceed to refer the accused before the Drug Offenders Rehabilitation Board which shall be entitled to give such orders in respect of the accused as provided in article 6.

(3A) In the event that the Drug Offenders Rehabilitation Board receives a referral in respect of a person who has already been referred before the Board and whose case is still pending before it, the Board shall inform the referring Court of that fact and it shall continue to consider the case only under the first referral:

Provided that the Board shall communicate its findings and decisions on the first referral to any Court which would have referred the same person to it.

(4) In the event that the accused fails to comply with the orders of the Drug Offenders Rehabilitation Board or if the Board, after examining the facts, considers that the accused is not showing commitment to his rehabilitation, the Board shall, without prejudice to any liability of the accused under article 5(5), whilst giving reasons for its decision, recommend to the Court to revoke its decision to convert itself into a Drugs Court and to proceed with the trial.

(5) Where the Drug Offenders Rehabilitation Board, within a period of not more than eighteen months from when the accused was referred to it, considers that the accused although having previously suffered from drug dependence is free from drug dependence, or has managed to substantially free himself of drug dependence, the Board shall report that fact in an explained report submitted to the Court and it shall refer the accused back to the Court:

Provided that the Board shall have the power to extend the period of eighteen months referred to in this sub-article where it considers that there are exceptional circumstances which justify that extension. The Board's decision regarding the extension shall give reasons and shall be notified to the Court.

(6) After receiving the report referred to in sub-article (5), the Court shall order the Registrar of the Criminal Courts and Tribunals to provide a list of all criminal cases pending against the accused, other than such cases:

- (a) where the Court of Magistrates does not have and cannot be granted competence;
- (b) which relate to offences involving charges referred to in paragraph (2)(b); and
- (c) where the Court has decided not to apply the said sub-article,

and the Court shall, insofar as it deems the measure to be in the best interest of the rehabilitation of the accused and after having taken into consideration the interests of the proper administration of justice and of the victims, order that a copy of the said report is admitted in the acts of the aforementioned cases and be binding upon the courts taking cognizance of the respective cases against the accused insofar as such report is, in the opinion of the said Courts, relevant to the

circumstances of the cases pending before them.

Provided that the Court shall only refrain from applying a mandatory minimum term of imprisonment or the exclusion of the application of a probation order or of the suspension of a term of imprisonment if it is satisfied on a balance of probabilities that the offence of which the accused has been found guilty was mainly attributable to his drug dependence:

Cap. 446.

Provided further that in those cases where the Court has received a report prepared in accordance with sub-article (5) and decides to impose an order in accordance with the [Probation Act](#) or to grant a suspended sentence, in such cases where subsequently the person convicted commits another offence during the operative period of the said order or suspended sentence, such person shall be considered to have breached the said order or the conditions of the suspended sentence and consequently such person shall be judged afresh for the original offence for which the probation order or suspended sentence was granted.

Cap. 9.

(8) In giving judgement in cases to which sub-articles (5), (6) and (7) apply, the Court may also order that any offence of which the accused has been found guilty, other than an offence for which the accused has been sentenced to imprisonment without the application of article 28A of the [Criminal Code](#), shall not be taken into account for the purposes of the issue of a conduct certificate under the [Conduct Certificates Ordinance](#) after the lapse of a period being a minimum of one year and a maximum of three years from the date of the Court's judgement unless the offender relapses.

(10) Where the accused has been referred to the Drug Offenders Rehabilitation Board as provided in this article the accused shall, during the period whilst he is so referred, be brought before the Court at intervals of not more than three months for the Court to be updated, whether orally or in writing, by the Board with regard to the progress of the rehabilitation or treatment of the accused.

(11) During the time when the accused is referred to the Drug Offenders Rehabilitation Board the Court shall continue to hear the case against the accused as though no such referral was made but it shall not pass judgement.
